Capitalized terms not defined in this eXpedite Product Schedule are as defined in the General Terms or the Service Terms.

1. **Product Description.** The “Evlv eXpedite Products” (“**eXpedite Products**”) available to Customer are described on Exhibit A hereto and may include new or reconditioned eXpedite Equipment. Subject to Customer’s compliance with the General Terms or the Service Terms, this eXpedite Product Schedule, and all associated Documentation, during the subscription period specified in the applicable Order Document, including any renewal period(s) reflected in a subsequent Order Document (the “**Subscription Term**”), the eXpedite Products shall be provided to Customer pursuant to one or more Order Documents entered into by Customer and (i) Evlv, or (ii) an authorized reseller of Evlv Products (“**Evlv Partner**”).
2. **Effect of Termination.** Upon the termination or expiration of an Order Document or the General Terms (to the extent applicable): (a) the rights granted to Customer for use of eXpedite Software under the applicable Order Document(s) will end, and Customer will immediately lose access to and lose use of such eXpedite Software, and (b) unless purchased by Customer or otherwise noted in an Order Document, Customer will return the eXpedite Equipment, at Customer’s cost and expense, to Evlv in as good condition as when it was delivered to Customer, ordinary wear and tear excepted. Customer will securely pack and ship the eXpedite Equipment to Evlv at its facility and provide Evlv with proof of shipment within thirty (30) business days after the expiration or termination of the Subscription Term. After receipt of the returned eXpedite Equipment, Evlv will evaluate its condition and Customer will be invoiced for all repairs Evlv deems necessary and attributable to Customer to return the eXpedite Equipment to its original condition excluding normal wear and tear. This Section does not limit the provisions of Section 4(c) of this eXpedite Product Schedule with respect to loss, theft, destruction or damage of or to eXpedite Equipment.
